

Do You Need a Disability Form Completed?

The providers at Southeastern Retina Specialists understand that sometimes your eye condition can require you to be out of work or can cause impairment that rises to the level of a disability. While we will be more than happy to assist you with completing the necessary forms, please understand that **we can only assist with disability forms that relate to eye condition(s)** that we are currently treating for you. If you have not been seen by one of our doctors recently, you may need to schedule a follow up appointment before we can complete the forms.

We take your vision and your disability seriously and want to make sure that we complete your forms accurately. Therefore, your chart will be thoroughly reviewed which takes a good amount of time by trained clinical staff. Therefore, when you bring the forms to our office, please bring a **payment of \$50 per form** you want completed. This will help us cover the cost associated with having our trained clinical staff and physicians perform a careful review of your medical records to insure we get your forms done right for you.

Please **allow 7-10 business days** for completion of these forms, although we often get them done sooner.

If you have any questions about this policy, please do not hesitate to reach out to our office at 904-527-3577.
